COMMANDANT  
COMMAND AND GENERAL STAFF COLLEGE  
Fort Leavenworth, Kansas

17 September 1949

Dear Admiral Hillenkoetter:

Although it is a little early, I am writing to ask if you can talk to our students on the general organization and functions of your Agency. We remember Brigadier General E. K. Wright's talk to last year's class with great pleasure, and are anxious to have our intelligence specialists hear a similar one this year. Two hours are being reserved for this purpose on 7 June 1949.

We would greatly prefer to have you or Brigadier General Wright give this talk, but if you are unable to, any one whom you consider qualified would be acceptable to us.

Faithfully yours,

/s/ M. S. Eddy
